Getting connected to even more online resources

Denon makes YouTube streaming as easy as watching TV by supporting YouTube Leanback with their DBP-2012UD and DBP-1611UD Universal Blu-ray Players

August 19th, 2011 – Denon, one of the world's leading manufacturers of high-quality home entertainment products, today announced the immediate availability of a firmware update supporting YouTube Leanback. The company's Universal Blu-ray Players DBP-2012UD and DBP-1611UD are now capable of using this extremely convenient interface making YouTube streaming as easy as watching TV. To use this new feature, owners of the Denon players above need to carry out an online software update via the device's setup menu while connected to the Internet. The new firmware is available free of charge.

Visit <http://www.youtube.com/t/leanback> for more information on this very convenient new way of watching YouTube Videos on your Denon Universal Blu-ray Player.
